Don't just be compliant... be

# CALIFORNIA COOL

As an energy-conscious homeowner, you may be used to sacrificing beauty for efficiency. But when it comes to a roof, GAF Grand Sequoia® Reflector Series™ Shingles have changed everything!

Made with a new innovative granule technology, Grand Sequoia® Reflector Series™ Shingles lock in rich, vivid color, giving you a high-performing cool roof with the vibrancy that you've always wanted. So you won't just be installing a quality cool roof to help conserve energy — you'll be giving your home the distinction and style that sets it apart from the rest.

Why go elsewhere when you can install a great selection of highly reflective shingle colors to meet your cool roofing needs!

### California Code Compliance

With Grand Sequoia® Reflector Series™ Shingles, you get proven performance and reliability as well as beauty — plus potential cooling cost savings!<sup>1</sup> They also:

- Can be used to comply with Title 24 cool roof requirements
- Are rated by the Cool Roof Rating Council
- Meet the cool roof requirements of the Los Angeles Green Building Code

<sup>1</sup>Energy cost savings are not guaranteed and the amount of savings may vary based on climate zone, utility rates, radiative properties of roofing products, insulation levels, HVAC equipment efficiency, and other factors.

### The Darkest "Cool" Shingle You Can Buy!

Before now, if you wanted a highly reflective dark-colored roof that met the cool roof requirements of Title 24, you would have had to settle for colors that were much less vibrant than those available for traditional shingles.

But innovative granule technology has changed everything! New EcoDark™ granules produce dynamic color never before seen in a cool roof — including Charcoal, the darkest cool color available.

Now, you can finally have the rich, vibrant colors you've always wanted in a highly reflective shingle.

*What could possibly be any cooler?*

## CHARCOAL

This dark, rich gray is a favorite thanks to its flexibility. Pairing well with both warm and cool colors, **Charcoal** makes a statement on a wide range of home styles.

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

## SAGE WOOD

Blending beautifully with nature, **Sagewood** straddles the line between warm and cool tones. It works extremely well as a companion to sages, creams, ivories, and any shade of beige.

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

## SANDALWOOD

Reminiscent of a windswept shoreline, this inviting shingle pairs comfortably with beige/brown and golden tones. Extremely versatile and welcoming, **Sandalwood** complements virtually any style of home.

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

## OCEAN GRAY

This distinctive gray has cool blue-green nuances. **Ocean Gray** is a perfect background for grays, whites, and blue-greens, as well as white, cream, and ivory exterior colors.

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

**GRAND SEQUOIA** REFLECTOR SERIES  
LIFETIME *Designer* SHINGLES

## FOREST BROWN

This deep brown has welcoming warmth and charm. Imparting both definition and distinction, the dark tones of **Forest Brown** are ideal finishes for any home exterior.

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*
